

continued growth with Niagara

Custom fabricated clay-mould
for local industry.

Aluminum crane cab, custom fabricated for Koehring-Provincial; one of combined order of 2 cabs, aluminum walkways and landings.

Cargo loading trailer; one of an order of 6 trailers and 2 loading platforms for export to Egypt; manufactured exclusively for Metric Systems Corp. of Florida.

Two steel storage and loading tanks, fabricated and installed for local industry.

During the past ten years Stelfab has met an increasing demand for custom steel and metal fabrication in the industrial complex of the Peninsula. The firm's current expansion program has been completed and production has been extended to include an export trade reaching as far as the Middle East.
